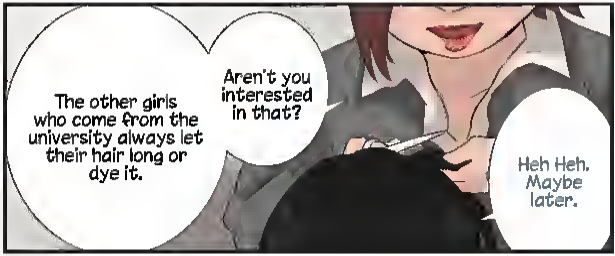
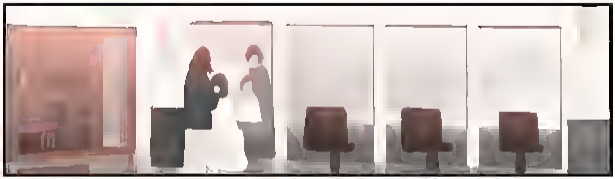
Are you sure, Fah?
Yes...

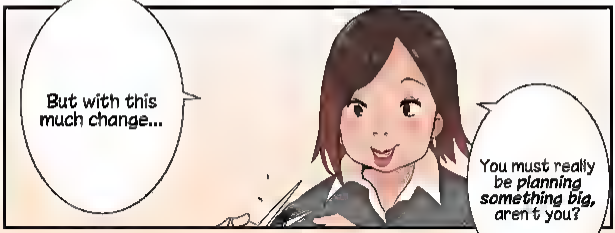
That's a shock to me. You've always seem to keep you hair long.



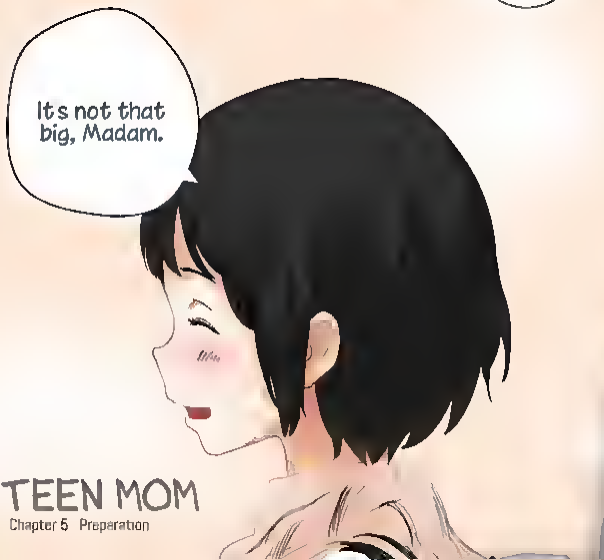
The other girls who come from the university always let their hair long or dye it.
Aren't you interested in that?
Heh Heh. Maybe later.

Hair style can describe many things for one person.
Changing your hair style means that you already decided to change yourself.

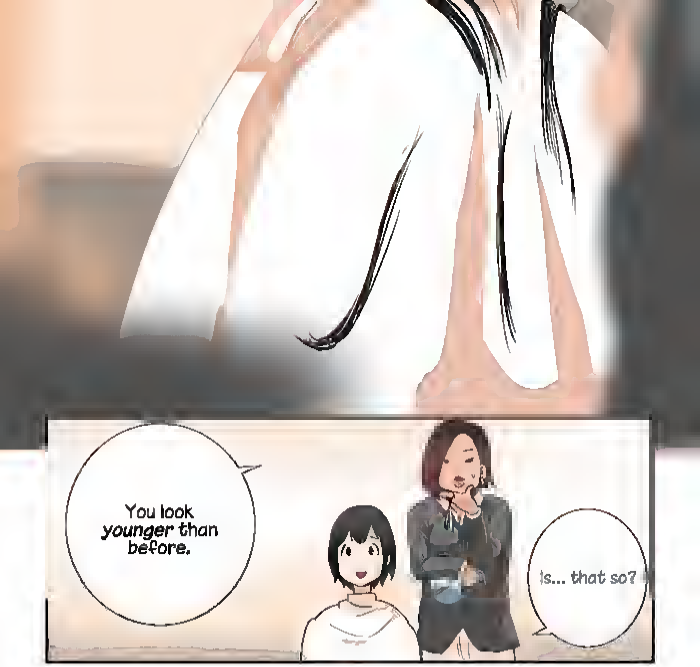




But with this much change...
You must really be planning something big, aren't you?

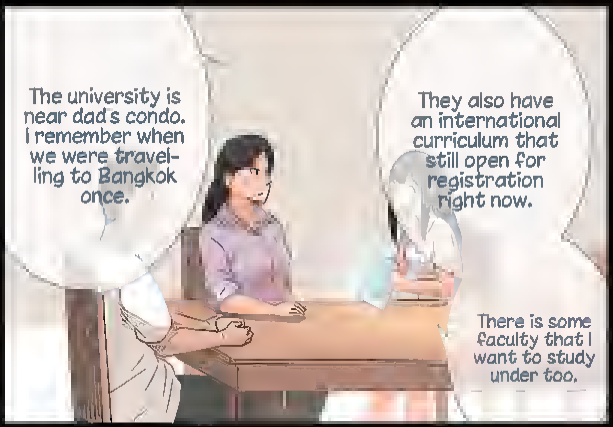


It's not that big, Madam.



You look younger than before.
Is... that so?

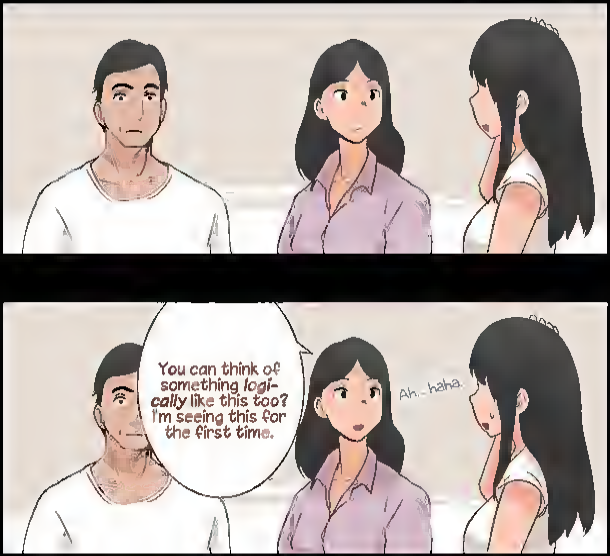
Before...
So?
Have you prepared anything already?
Yeah... Just some things, though.
Oh!



The university is near dad's condo. I remember when we were travelling to Bangkok once.
They also have an international curriculum that still open for registration right now.
There is some faculty that I want to study under too.

But...

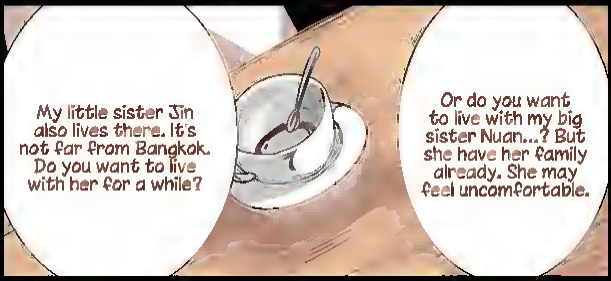
The tuition fee is *reasonably high*. So I think that if I live in dad's condo, it may save me some money.
I don't know if someone is renting it or not... Can I rely this on to you, Dad? I'd like to stay there.



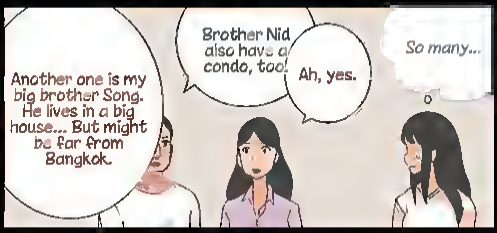
You can think of something logically like this too? I'm seeing this for the first time.
Ah...haha.

It's a good thing. You must have reconsidered about this well.
Do not worry about the tuition fee. We have the money. We can even send you abroad too.
If you really want to study that much, I'll fully support you.
And about that university dorm that already has you on the list? Are you going to disclaim it?
It should be that way, Mom.
Alright.

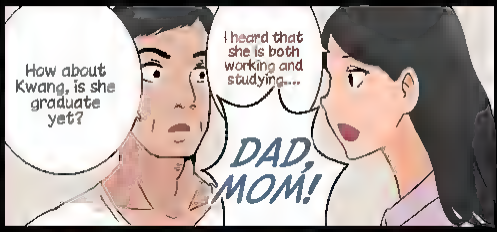
BUT.
Bangkok is not a place for a country girl who only just graduated from high school...
GLARE
TO LIVE ALONE
Wah...
Remember this well. Even if Bangkok is the capital city, it doesn't mean that everything is good.
Especially for this country.
They have traffic jam, crowded auto-bus, low life-quality, untrustworthy people, lack of safety places... It's REALLY HARD to live there.
She is mumbling a lot...



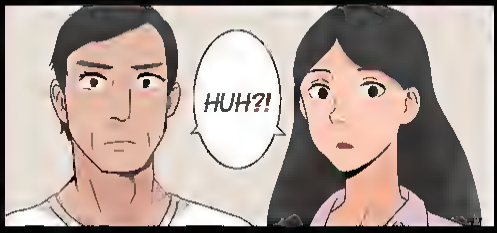
My little sister Jin also lives there. It's not far from Bangkok. Do you want to live with her for a while?
Or do you want to live with my big sister Nuan...? But she have her family already. She may feel uncomfortable.



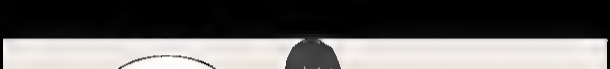
Another one is my big brother Song. He lives in a big house... But might be far from Bangkok.
Brother Nid also have a condo, too!
Ah, yes.
So many...



How about Kwang, is she graduate yet?
I heard that she is both working and studying....
DAD, MOM!

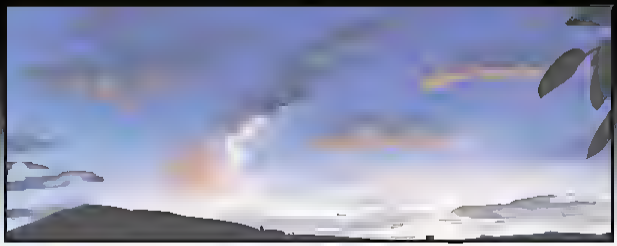


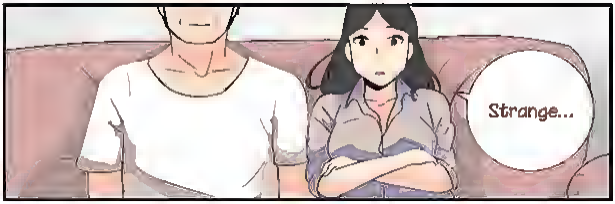
HUH?!



I don't want to bother anyone...

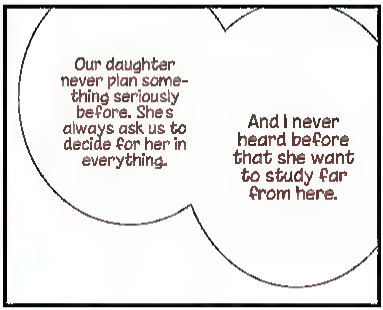
Let me live by myself, please.



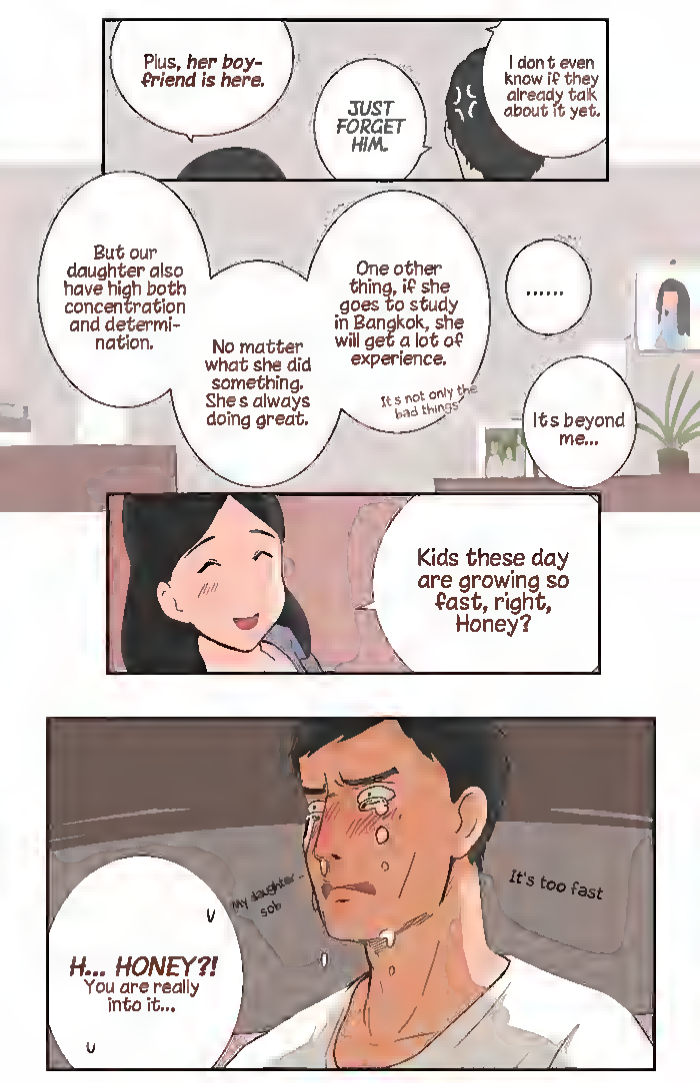


Strange...

Do you agree with me?
Yes.



Our daughter never plan something seriously before. She's always ask us to decide for her in everything.
And I never heard before that she want to study far from here.



Plus, her boy-friend is here.
JUST FORGET HIM.
I don't even know if they already talk about it yet.
But our daughter also have high both concentration and determi-nation.
No matter what she did something. She's always doing great.
One other thing, if she goes to study in Bangkok, she will get a lot of experience.
It's not only the bad things
.....
It's beyond me...
Kids these day are growing so fast, right, Honey?
My daughter... sob
It's too fast
H... HONEY?!
You are really into it...

I'm back.
How do I look?
SKY
